## Initial customer visualization for stats And Admin page

## Initial visualization of a Web pages

The image displays four hand-drawn wireframes for a web application, organized into two rows. The top row features a 'Sign up' form and a 'Policy' confirmation screen. The bottom row features a 'Restaurant' menu screen and an order confirmation/receipt screen. Arrows indicate the flow from the sign-up form to the policy screen, and from the restaurant menu to the order confirmation screen.
